LAUGH YOUR CARES AWAY
with a sound film movieplay

Relax in the comfort of your home, as your Sound Kodascope projects our rental movies with sound. At the same time, you will be sharing your fun with your family. It's a wonderful way to entertain children who are too young to go to a movie theater, or to bring joy to the elderly folks at home who will undoubtedly be grateful for your thoughtfulness. We'll gladly help in selecting suitable programs.

DIVISION

Because of the value of the films listed in this catalog, we require applicants for rental film service to fill in and return the Regular Application Form, supplying the information requested. The Special Application Form is also required, if the applicant wishes to use the Special Productions offered in Group Nos. 5 and 6. Customers who start a charge account will find service simplified, as their credit references will establish their responsibility.

The films listed herein are released for non-theatrical use only, and must not be used in theaters and other public places where 35 m/m sound films are customarily shown. The films are copyrighted, and no rights to copy, print or duplicate in any manner or method, are extended to renters, purchasers or other users of the material.

TRANSPORTATION CHARGES

Transportation charges both ways are to be paid by the user. Rental films which were sent by express to the user, are returnable by the user to Eastman Kodak Stores at half of the outgoing express rate if the express company is informed that the return shipment is a "direct return".

PLEASE INSURE ALL SHIPMENTS

We require the films to be returned either by insured parcel post, with the valuation set on them at \$25.00 per reel, or by **express prepaid**, valued at the same amount. Express is more desirable as such shipments can be traced easier than parcel post. Rates quoted cover showing of the films only by the

FILMS MAY BE PURCHASED OUTRIGHT

You can start a library of your own. Many of our library films may be purchased at a price reduction based on the number of rentals the reels have had, and if they are bought, no charge will be made for the current rental. A list of films available for outright purchase can be had at our store without charge. The price ranges from \$17.50 to about \$30.00 per reel.

Projectors are available for rental, as well as films, and an operator for the projector can be provided at a moderate service charge.

renter on the date specified, and they must not be loaned or re-rented to others. No discount can be allowed to dealers, or others, on films preceded by an asterisk: *

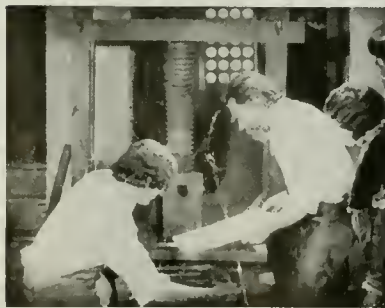

It is urged that alternate selections be stated wherever possible. Unless renter specifically orders "No Substitutions", the library will substitute, when necessary, from the same class of material. Information on type of audience is a valued guide to selection of substitutes. Please do not rewind films, unless this is necessary to return the reels on which the program comes to you. A charge will be made for reels and cans substituted or not returned. Films must not be mounted in such a way as to cut the sound track.

REPAIR CHARGE FOR FILM DAMAGE

Caution! Never attempt to run a "sound" film on any other than a sound projector. Irreparable damage to Sound Film will result from running it on a "silent" projector. It is the practise of film distributors to charge customers for serious film damage at the rate of 5c per foot.

CATALOGS SUPPLIED FREE

The Librarian will, upon request, send catalogs or other literature on the latest types of motion picture cameras and projectors, "still" cameras or other photographic equipment. **Schools and other educational institutions** are invited to request our literature describing equipment suitable for visual and audio-visual education. Sound projectors will also run any of the many silent subjects which we rent at lower cost. Catalog on request.

EASTMAN CLASSROOM FILMS HELP STUDENTS TREMENDOUSLY

Patient and sincere as a teacher may be in trying to impart knowledge orally, the spoken word alone is not always enough. Some children cannot visualize what they have never seen. What they need, are pictures.

EVERY EASTMAN CLASSROOM FILM IS A GOLD-MINE OF KNOWLEDGE

Eastman Classroom Films are pictures—16m/m motion pictures that fascinate children, and teach them ever so quickly. They impart knowledge gently, but with a thoroughness that is amazing, because they are true visual teaching aids, prepared by experts. Try them, and see for yourself!

EASTMAN CLASSROOM FILMS ARE NOW AVAILABLE FOR RENTAL!

Formerly offered for sale only, a number of Eastman Classroom Films are now available for rental at low rates, and time lost in transportation is not charged. Write for our rental film catalog—supplied without charge. *Eastman Kodak Stores, Inc., Kodascope Libraries Division.*

RESTFUL MOTION PICTURES FOR HOME ENTERTAINMENT

Escape from reality, for an hour or two, with a program of sound movies in your own home. Our rental films provide a delightful way to entertain, and a grand way to relax.

For family audiences, we have a wide variety of fascinating dramatized pictures, many with glamorous stars; and for children's parties, a good selection of juvenile subjects to make the affair a long-to-be-remembered event.

Sound film projectors are available here for purchase or rental, and we'll gladly assist in arranging enjoyable programs.
